

Amendments to the Claims:

The following listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A laminated plastic molded body being a three-layered or five-layered laminated plastic molded body in which a resin layer A and a resin layer B are laminated alternately, and the resin layer A is a poly(ethylene terephthalate) resin layer, and the resin layer B interposed between said resin layers A is a polyolefin resin layer having a cyclic olefin component, wherein the total weight of the poly(ethylene terephthalate) resin constituting the resin layer A is 95 to 55% by weight and the total weight of the polyolefin resin layer having the cyclic olefin component constituting the resin layer B is 5 to 45% by weight.
2. (Canceled)
3. (Previously Amended) A laminated plastic molded body according to Claim 1, wherein said laminated plastic molded body is a plastic container comprising a hollow biaxially drawn blow molded body.
4. (Previously Amended) A laminated plastic molded body according to Claim 1, wherein said plastic molded body is a plastic container comprising a hollow blow molded body.
5. (Previously Amended) A laminated plastic molded body according to Claim 1, wherein said plastic molded body is a cylindrical body constituting a trunk portion of a tube container.
6. (Currently Amended) A laminated plastic molded body according to Claim ~~2~~1, wherein said laminated plastic molded body is a plastic container comprising a hollow biaxially drawn blow molded body.

7. (Currently Added) A laminated plastic molded body according to Claim 21, wherein said plastic molded body is a plastic container comprising a hollow blow molded body.

8. (Previously Added) A laminated plastic molded body according to Claim 3, wherein said plastic molded body is a plastic container comprising a hollow blow molded body.

9. (Currently Added) A laminated plastic molded body according to Claim 21, wherein said plastic molded body is a cylindrical body constituting a trunk portion of a tube container.

10-11. (Canceled)
